

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-0036/P2dn
ARG:eev:ph

May 14, 2013

ATTN: Jeff Buhrandt

Please review the attached draft carefully to ensure that it is consistent with your intent.

Instead of creating a new provision similar to s. 341.14 (6r) (b) 1m., I have simply amended that provision to apply to the new Olympic plates. Now that Marquette University plates are being issued, s. 341.14 (6r) (b) 1m. appears to have no purpose with respect to those plates and I believe the provision can therefore be “reused” for the Olympic plates. Is the June 30, 2015, date in that provision consistent with your intent?

I have made some changes to s. 341.14 (6r) (b) 15. to make unambiguous that the \$25 additional payment is not required, under 2013 AJR-2 if ratified by the voters, to be deposited into the transportation fund and used for transportation purposes.

Based on the latest instructions, I have made all references to plate development costs in this draft consistent, using the figure of \$11,800 rather than \$23,700.

Please let me know if you would like any changes made to the attached draft or if you have any questions. If the attached draft meets with your approval, let me know and I will convert it to an introducible “/1” draft.
